

HELIA 1,6-8x42i

FOR ACTIVE HUNTING

K A H L E S

The HELIA series impresses with uncompromising focus on the real essentials: functionality, reliability, handling and aesthetics. Each model is a perfect tool for its specific hunting application.

With a large field of view and an extra-bright illuminated reticle, the lightweight, compact HELIA 1.6-8x42i is a versatile tool, specially adapted for stalking and driven hunts. And with night vision devices (clip-ons), it can even be used in the dark.

PRODUCT HIGHLIGHTS

- Light and compact optics for stalking and driven hunts
- Ideal for night hunting in combination with night vision devices (clip-ons)
- Wide field of view (up to 25 m/ 100 m) with up to 8x magnification
- Powerful optics system with exceptional edge sharpness
- Extra-bright day/ night illuminated reticle with intelligent automatic switch- off
