### **KAHLES – the rifle scope pioneer since 1898**

As the world's oldest rifle scope manufacturer, KAHLES has set many milestones in the course of its company history. However, its strong market position is based not only on pioneering past work, but also on lasting and innovative development and production in Austria. Every KAHLES product is developed, manufactured and checked exclusively in the production plant in Guntramsdorf based on the highest quality standards before beginning its journey to customers around the globe. More than 50 employees – including designers, opticians, toolmakers, watchmakers and precision engineers, to name just a few – work at the plant near Vienna, creating cutting-edge precision optical products with extremely tight tolerances.
